IN THE MATTER OF THE LICENSE OF : ADMINISTRATIVE ACTION

CLIFFORD LIPMAN, M.D. **ORDER OF REINSTATEMENT**
OF LICENSE

TO PRACTICE MEDICINE AND SURGERY :
IN THE STATE OF NEW JERSEY .

This matter was most recently opened to the New Jersey State Board of Medical Examiners (hereinafter the "Board") upon receipt of a January 2, 2003, petition from Clifford Lipman, M.D., seeking to obtain an unrestricted license to practice medicine and surgery. At present, Dr. Lipman's license to practice medicine and surgery in the State of New Jersey is restricted by an Interim Consent Order filed by the Board in June of 2002.

The Interim Consent Order restricts the doctor's practice in that he was permitted to seek renewal of State CDS and Federal drug registrations for the sole purposes of prescribing to patients within his employment capacity. The Interim Consent Order also provides that Dr. Lipman's place of employment must maintain all CDS in a **securely-locked** storage container which affords restricted **access** and that Dr. Lipman must identify a physician supervisor who agrees to submit progress reports to the Board attesting to his

compliance with the restrictions. Further, the Interim Consent Order restricts Dr. Lipman from gaining access to another physician's **prescription** pads, limits the number of hours that he works, **provides** for Dr. Lipman's continued affiliation with his present **employer** absent **further** approval from the Board and provides for Dr. Lipman's continued participation with **the** PHP and adherence to all of **the** requirements of the program.

On March 26, 2003, Dr. Lipman **appeared** with David I. Canavan M.D., Medical Director Emeritus of **the** Physician's Health Program, before a Preliminary Evaluation Committee of the Board and **testified** concerning his compliance with the terms and conditions embodied in the Board's Interim Consent Order of **June** 2002. Based upon that testimony and a **review** of the PHP's recommendation, **the** Board is satisfied that Dr. Lipman has **complied** with the terms of the Interim Consent Order of June 2002. The Board finding **the** within disposition is adequately protective of the public health, safety and welfare, **for the** reasons expressed herein and other **good** cause having been shown,

IT IS on this 25th day of August, 2003,
ORDERED THAT:

1. The restrictions imposed upon the license of Clifford Lipman, M.D., to practice medicine and **surgery** in the State of New Jersey, by **Interim Consent** Order of June 2002 are hereby vacated and his license is now **deemed** to be "unrestricted."
